**How to register an Initial Coin Offering and Non-Fungible Token**

All documents relating to the registration of an Initial Coin Offering and Non-fungible token, including the Registration application Guidelines can be downloaded on the Financial Services Authority website under the "VASP" tab – "Apply for Registration".

The respective guideline details the documents that an applicant must submit to the Authority for registration.

The applicant may submit its application to the Authority by selecting "Submit an Application" under the "Apply for Registration" tab.

You will be directed to the below page.

You must complete the online form and upload the relevant documents to the appropriate box.

Once the applicant is satisfied with the documents uploaded, select the submit button.

You will receive the below message on your screen.

Submit your application

Please fill in the form below to submit the Issuer of Initial Coin Offering and Non-Fungible Token application form and its supporting documents.

Download the Issuer of Initial Coin Offering and Non-Fungible Token Application Form below:

DOWNLOAD FORM

Thank you for submitting your application documents to the Financial Services Authority (FSA) to be licensed under the Virtual Asset Service Providers (Registration of Initial Coin Offering and Non-Fungible Tokens) Regulations, 2024.

The FSA will review the attached information, application document and other supporting documents submitted and will inform you of the outcome of your application.

You have successfully submitted your application for registration of an Initial coin offering or Non-Fungible token.

An officer of the Authority will get in touch with the applicant as soon as possible.
